WOMAN'S WEAPON.

"What is a woman's weapon?" I asked a charming girl. She dropped her lashes shyly And stroked a variant curl: Then consciously she murmured— This roused me out: "I have a strong suspicion Her weapon is a pout." "What is a woman's weapon?" I asked a lover true. He turned him to a maiden With eyes of heavenly blue. Her velvet lips were parted, All innocent of guile. And eagerly he answered: "Her weapon is a smile." "What is a woman's weapon?" I asked a poet pen. With sudden inspiration He seized upon his pen. "Oh! I could name a thousand," He cried in accents clear: "But woman's surest weapon, I grant you, is a tear."

A Charming Maysville Lady Said to Have Captured His Heart.

The Lexington Argonaut says Colonel William L. Yellman of the United States Revenue Service, who for many years has resided in Lexington, Frankfort and many other places where he may have been assigned, is in the city attending the settlement of his mother's estate.

For the past six months Colonel Yellman has been stationed at Maysville, and while there he has become a victim of the usual fate of old widowers who visit that city. He has fallen head over ears in love and he does not deny it.

It is reported that when he returns to Lexington again, he will be a Benedict and his partner in life will be one of the Maysville beauties for which that town is famous. It has been a mystery to the Colonel's friends why so handsome a man had not been captured by Cupid before.

The Argonaut hopes the rumors are true, and it wishes the handsome Colonel and his future bride all the happiness in the world.

WILL THE PEOPLE SUBMIT?

Following are the net results of the infamous Goebel Election Commission: Democrats absolutely control the election system in every county in Kentucky. In 96 counties there are two Democratic and one Republican Election Commission; in 13 other counties there are two Democratic and one Republican Commission; and in the 1 remaining counties we have solely Democratic Boards.

Republicans are in a helpless minority of one against two in 96 counties; and in 13 counties they are absolutely without representation on the Boards that are masters of the election machinery, pass upon all election contests and from whose most infamous decisions there is no appeal.

The Republican organizations were not permitted to select the few Republicans appointed, and it is a notorious fact that the so-called Populists are nearly all Democrats in disguise, having voted and acted with the Democratic party on every important occasion in recent years.

The mask of hypocrisy that was put on when Judge Patton was elected a member of the State Election Commission had been thrown off, and the Goebel conspiracy is revealed in all its hideousness.

Has the Republican party been such an enemy to the state and Nation as to justify these outrageous and unscrupulous devices to drive or keep it from power?

In the supremacy of WILLIAM GOEBEL and his big-handed followers so important to the welfare of Kentucky as to condone this unscrupulous use of the ballot?

Will the people submit?

REPUBLICANS cannot afford to vote for any man who upholds the Free-Silver folly.

Two New York women have returned from the Klondike and report an appalling death rate at Dawson City. Of course Secretary of War ALGER is to blame for this.

Have the citizens and property owners of Mayaville any rights that the City Council feels bound to respect; or is the City Council the Master instead of the Servant of the people?

It is announced that JOHN D. ROCKEFELLER will furnish funds to purchase the ground and to build a large social settlement house in the Italian district of Cleveland. Wonder if the Rockefellers and the balance of the "Working Delegates" who work with their mouths will consent to this gift of Mr. ROCKEFELLER?

The Mexican Red Cross Society has cashed \$7,500 in gold for the relief of soldiers returning to Spain. As Mexico is a Free-Silver country at a ratio of 16 to 1, and as she had, at last official report, a stock of only \$5,000,000 gold on hand while she had \$97,000,000 in silver, it's a wonder she hadn't cashed \$7,500 in silver. Why was this?

Ten Building Committees of the Western Fire Company has put up an Opera-house Building that is an ornament to the city and a credit to the generous citizens who subscribed so liberally toward it. It is little short of an outrage that the new building should be endangered from the same source that destroyed the old one. Gentlemen of the City Council, the friends of the Opera house appeal to you for protection.

The Albany Argus says it is noteworthy that since the 1st of January this year more than \$14,000,000 have been given by wealthy citizens of the United States for the use and benefit of the public. These large donations have been distributed as follows: Colleges, \$7,000,000; churches, \$4,000,000; charities, \$1,500,000; libraries, museums, etc., \$1,500,000. Of the gifts making up this grand total, three have exceeded \$1,000,000, two \$500,000, and one \$300,000. If there were no millionaires there could be no such great donations.

HOWARD BRACKER of Cincinnati is the latest known fool to start the kitchen fire by pouring coal oil on it. He deserved the fate he met, but it's a pity the property was damaged \$20 worth.

DURING the past six or seven weeks fifty cartloads of beer and six cartloads of cigarettes have been sent from the United States to the Philippines. The beer is all right, but we can't imagine what the Philippines have done to merit the latter punishment.

NEW YORK TIMES. Higgins—Well, I only married you for your money, anyhow.

Mrs. Higgins—I wish I could tell as easily what I married you for.

THE EVENING STAR. Her To Date. About his becoming very dear," remarked Mrs. Gilpin.

"That does not concern us," replied Mrs. Tesspot. "We buy bread."

DRIVEN TO EXTREMES. Chicago Record. "Did you read about that Iowa preacher who was engaged to a pretentious girl?"

"Yes; I presume the poor man was trying to keep his choir together through the hot weather."

TRUE, QUITE TRUE. Chicago Post. If that victory at Omdurman had been an American, instead of an English, one of the yellow journals would soon be demonstrating that a terrible blunder had been committed and that the place could easily have been taken without the loss of a single life.

TROUBLE OF THE COUNTRY EDITOR. Gullipole Journal. A friend wants to know the origin of the phrase "he's in it."

A friend wants to know the origin of the phrase "he's in it." From the best information we can collect it was first used by an editor who died and went to heaven, and lived for the man who took his paper for five years and then refused to pay for it.

A RACING BUSINESS. Philadelphia Call. "John, dear, does your business bring you into contact with publishers?" asked the innocent little wife.

"Yes," John replied hesitatingly. "But why do you ask?"

"You were talking in your sleep about bookmakers."

HOW SHE KNEW. Cleveland Leader. Her Little Brother—Sit down in the parlor. He'll be here as soon as she gets through giving her face a swipe with the powder rag.

Her Little Brother—And what did she say when you told her I was here?

Her Little Brother—She said she knew when the window came down on her thumb Monday morning that this was going to be a unlucky week for her.

RELIEF IS SIGHT. Puck. Spanish Statement—Hurray! Vire Hispania! We are saved. The American Government is now threatened with enemies at home.

Another Spanish Statement—Ah, good! Who are they—Indians or the old Confederates?

Spanish Statement—Neither. I just read that the Populists in America possessed recently met and publicly denounced the United States Government.

FIXED BAYONETS.

The State Militia Prevent Imported Negro Miners From Landing at Virden, Ill.

THE TRAIN COMPELLED TO MOVE ON.

General Manager Lukens' Formal Request That the Negroes Be Allowed to Disembark Unhindered.

The Officer in Command Had He Under Orders From Gov. Tanner and World Chief Instructions—The Train Was Pulled Out For the South.

VIRIDEN, Ill., Oct. 14.—The excitement of Wednesday prior to the arrival of the Negro train, was equaled Thursday night when it became known that a special train consisting of one box car, three apparently empty coaches and a caboose that passed through here at 10:25 Thursday evening bore two car loads of Negroes taken through here to Springfield, Weynes, Mo. The train went south and by a clever ruse succeeded in passing through Virden quietly and without interference. A big crowd of miners was at the station but the militia held them in check.

When the train stopped at the stockade Capt. Fowler, who was in command, then shouted: "Don't allow any one to disembark from that train."

The gate was opened and a file of soldiers rushed onto the double track with fixed bayonets and lined up along side of the train. General Manager Lukens made a formal request that their employees be allowed to land and enter the stockade. Capt. Fowler declined to grant this. Then Lukens put in the form of a demand, but the officer replied that he was under orders from Gov. Tanner to prevent the disembarking of any Negro miners at the works and he would have to carry out those instructions. General Manager Lukens protested in vain and the train pulled out headed south.

By this time the advance guard of strikers gathered at the depot had advanced up the track to within fifty yards of the stockade. The presence of armed blue coats in the lookout boxes evidently halted them as they remained there until the train passed, when they greeted it with waving hands and cheers for Gov. Tanner, who they believed had been instrumental in starting the blacks on their homeward journey.

SPRINGFIELD, Ill., Oct. 14.—William Haymon, a miner of Girard, died here Thursday night, making the fourth death as a result of the riot in Virden Wednesday.

VIRIDEN, Ill., Oct. 14.—At 10:30 o'clock Thursday a special train arrived bearing troops A and C, dismounted cavalry from Chicago, and three companies of Iowa Volunteers. General Manager Lukens stated that he had no definite orders other than to reinforce the soldiers already here.

SPRINGFIELD, Ill., Oct. 14.—Ernest Long, the Missouri Olive miner shot through the chest in the battle at Virden Wednesday and brought to St. John's hospital after the fight, died Thursday. Herman and Boston are both alive and did not die on the train. Herman's death is momentarily expected at the hospital.

Gen. Miles Cheered.

OMAHA, Neb., Oct. 14.—Gen. Nelson A. Miles was the central figure in the reception tendered for his forces at the exposition Thursday. Gov. Holcomb spoke in welcome to the guests of the day. The governor allied to Gen. Miles as the hero of two wars, which included a number of heroic and hand-to-hand fighting, which did not subside until President William the distinguished soldier to the front of the platform, where the crowd arose and greeted him with three ringing cheers.

Headman to Jail.

CINCINNATI, Oct. 14.—Wm. J. Haldeman, the slayer of ex-Senator Richardson, is at least in the custody of the authorities. He succeeded in evading arrest until the grand jury had filed an indictment for first degree murder against him for his crime. Haldeman surrendered himself Thursday and is now in jail.

HENRIETTA, Oct. 14.—Baptista Perez, a pretty Cuban girl, in order to reach her lover, Albert N. Nelson, of this place, held her rap in male attire from a ranch on the Chesapeake river. When she reached here and found her lover about to marry an American girl she became a loving maniac.

STOCKHOLM, Sweden, Oct. 13.—The minister of marine has decided to propose to the king that a credit of over twenty million kroner be voted for naval requirements. These will include the purchase of three fast-class ironclads, ammunition, torpedoes and submarine mines.
